Dear Arm Full Of Help:

I appreciate your service to Tender Love & Care Home For The Homeless, Inc. We thank you for the donations of food contributed for our Christmas feeding of the homeless veterans and the variety of donations you have given to this organization. Your most recent donation, the nice clothing to be given out to the needy, was quite valuable to our clients.

With an organization like you who are willing to pitch in and feed the multitude of hungry persons in our community when we need it and not put a price on giving, it is truly a blessing to this organization and to this community. May GOD continue to bless your ministry with more to give to others.

Thanks Again

Sincerely,

**Jean L. Keel
