Armful of Help
P.O. Box 8288
Fort Smith, AR 72902

Hi I'm Mary McIntyre, I would like to take this time to thank Armful of Help. Around December of last year me and my family had some money problems and was not able to get Christmas gifts for the kids. I didn't know where to turn so I got on the internet and started searching for organizations that help families in need. I found an organization called Armful of Help. The web site gave a phone number so I called and on the other end of the line was two very nice ladies who I have become to know and love as Merry Anne and Anna. I started talking to Mary Anne explaining my problems she listened to everything I had to say and then she asked if she could talk to me about Jesus and the work He does. I was very pleased to hear everything Mary Anne was telling me. I was just a beginner and didn't understand a lot but with the help of Mary Anne and Anna giving me spiritual advice I am walking closer with the Lord and reading the Bible that Armful of Help sent me everyday. They also sent Christmas gifts to my family. My husband and my son received cologne and sweat outfits. Me and my two daughters received perfume and sweat outfits also. Also Armful of Help sent the kids little pocket organizers with calculators. The kids and us were very grateful for the gifts.

Then the next day my daughter and I started thinking about my parents needing help this Christmas also. So I asked my daughter to call and see if Armful of Help would help them. Anna answered the phone and she was very understanding and caring. My parents Margaret and Billy Cumbus was in a situation where my mother had open heart surgery in March and where she worked closed their door. So that left her with medical bills and no insurance to pay these bills. My dad gets Social Security but it is very little money and just enough to make ends meet. They were in need of groceries and Armful of Help made arrangements for my parents to receive a week of groceries which they were very happy to get. That brought my parents spirits up for the holidays. I would really like to take the time to tell everyone at Armful of Help they have really taught me a lot about Jesus Christ and now I am walking closer with Him and my whole family would like to say thank you. Mary Anne and Anna are wonderful ladies and I will always remember what they and Armful of Help have done for us.

God Bless Armful of Help,

Mary McIntyre
