Armful of Help
51 MacDougal Street, Suite 177
New York, NY 10012

Dear Tommy:

On behalf of the Secretary of State, Alexander Treadwell, the Administration and staff from the Community Action Agency of Franklin County and the Cooperative Gleaning Program, we extend to you our appreciation and thanks for your continued support of the Cooperative Gleaning Program. You certainly are deserving of this award in that you assisted us in meeting the nutritional needs of 20,000 individuals a month throughout nine upstate New York counties.

We are pleased to say that your effort and dedication added to our ability to serve sixty-four food pantries and four soup kitchens with supplemental nutritional foodstuff. Because of you our program has continued to remain a point of community service pride for all who are involved.

We look forward to continued collaboration with you as we work toward our goal of curbing domestic hunger.

Sincerely,

Emily Racine, Director
Cooperative Gleaning Program
